# WELCOME

## A message from our CEO

This month we have another impressive line-up of fun for you, including exclusive member only offers, live shows, free live music and a lot more. I hope you enjoy reading through this guide and discovering what you can enjoy with your family and friends.

Our goal at Panthers Group is to provide you, our valued members and visitors with an unforgettable experience and truly memorable World of Entertainment. We know that constant improvements to products and upgrading of our facilities are paramount in delivering on our promise. With that said, I am pleased to say that at the end of last month, Panthers North Richmond completed their extensive building upgrades. The result is an impressive new alfresco gaming space, refurbished internal gaming, refurbished dining and casual lounge, new TAB, refurbished alfresco dining and kids playground, upgraded lighting and air conditioning and painting to external facades. If you're passing by, I highly recommend you stop in and see the new look for yourself.

Panthers Bathurst is currently under renovation and will complete stage one of their two-stage building works at the end of next month and I look forward to updating you on the progress in the future.

The NRL 2016 season is fast approaching and we are gearing up for a huge season. Check out Panther TV (on our website) which has a great interview with our Head Coach Anthony Griffin, plus some entertaining videos of the players in our new 'You or Me' segment.

I look forward to seeing you around the club and at Pepper Stadium supporting our Penrith Panthers.

**Question:** Describe what you would do on your ideal Valentine's Day date?

#### PETER WALLACE

"I'd keep it really simple. Definitely hire a babysitter to look after the little one, then go out for dinner with a nice bottle of wine or two".

#### SUAIA MATAGI

"We'd go to the movies to watch a big action blockbuster then follow it up with any meal where I can have a side of chips".

#### WAQA BLAKE

"We'd spend the day at the beach, go paddleboarding and get out on some jet skis. Then there would be a few cocktails as we watched the sunset".

#### JEREMY LATIMORE

"Get a babysitter for the night, head out with my wife and share a huge seafood dinner. I'm thinking a fancy restaurant on the harbour".

#### JOSH MANSOUR

"Sailing a yacht in the middle of the Caribbean with no phone reception".

## PLAYTIME

PLAY • PARTY • WIN

Playtime Penrith treasure a collection of old and new arcade games, mixing the best of the classics and the latest in the new technology such as racer games like Sega Racing, first-person-shooter types like our Terminator themed game, interactive dancing games, basketball, air hockey tables and more. The arcade is where corporate businessmen and kids in primary school are on the same playing field - with a remarkably similar grin on each face. Sure kids love this place, but it's also where parents can challenge their little rascals at the games they grew up playing, and the young ones can teach a thing or two to the more wizened visitors, too.

Everyone needs that little bit of time out away from homework, chores, jobs, bills, housework, presentations, and quarterly reviews, and there's nothing quite like the distraction of a room full of toys. So come on down and purchase a pass to the arcade before, between, or after a couple of games of bowling or a few skirmishes of the laser sort.

See if you can beat your own high score, your friends' high scores, or even the all-time top scores.

For opening hours visit Playtime on Facebook (search playtimepenrith) or visit [playtimeentertainment.com.au](http://playtimeentertainment.com.au)

THE  
**ADELE**  
EXPERIENCE  
An extraordinary tribute to the soulful songstress

**As a performer and fan, why do you think Adele's music is so influential?**

Adele connects to people with her down to earth charisma and ultimately moves her audience through her music. She is inspirational to me purely because of her realness. Her body image does not define who she is as an artist and that has driven me within my own professional career.

**How do you channel Adele through your own performance style?**

Post-performance feedback from listeners initially highlighted the similarities in a vocal depth and tone that could be seen as similar to Adele's. Her songs have always resonated so strongly with audiences so I really enjoy expressing my own individual style through her songs.

**What can the audience expect from The Adele Experience?**

Music moves us through personal connection and this show is an intimate journey of emotions; love, loss and redemption. My role in The Adele Experience is to sing these songs true to their individual style while sharing how each song relates to my life as that is how we connect to songs in the first place.

**What is your favourite piece to perform and why?**

There are so many of Adele's songs that I have embraced and am able to relate to my own life, but my favourite to perform would have to be 'Make You Feel My Love' as it reminds me of describing the love I have for the children in my life.

## A MEAT CONNOISSEUR'S DREAM...

### OSSO STEAK & RIBS

Since opening in 2009, Osso Steak & Ribs offers a premium alternative to the traditional steak and ribs experience.

The restaurant's sleek monochrome and dark wood interior adds to the fine-dining atmosphere with a modern take on rustic agriculture.

The delicious steak options are outlined with feeding requirements and origins, showcasing a commitment to sourcing the highest quality beef while seafood and Italian dishes diversify the offering.

The shelving on the walls boast the beginnings of over 100 different wine options while the sharp staff pop the caps off the local and imported beer selection and serve cocktails from the bar.

The combination of smooth service and

quality produce over quantity creates an unforgettable dining experience.

Gate to plate is something you hear a lot in relation to meat in restaurants. The principle is that you know more about the meat you are eating than just which butcher it came from. Whilst this is a noble concept, many restaurants use it as more of a marketing ploy than an actual philosophy.

high and low to discover the best possible produce to bring to your place. Why not try the 'Gate to Plate Osso Lunch Special for only \$24.95. It includes a main, sides and drink.

Functions: Osso can cater for groups of 15 or more. Private dining room available. Located near The James Squires Terrace Bar.
